THE ART OF PLAY

Play isn't just for kids. It's an attitude. A way of looking at the world with the curiosity of discovery, the optimism of imagination, and the courage to dare. At RS Barcelona, we've been playing boldly for more than fifteen years. Living every day as a new game. Exploring new territories. Claiming spaces where play was never expected. Questioning established codes and reinterpreting convention.

We're artists of play. Specialists in elevating it and transforming it into memorable experiences. The kind that captivate. The kind that endure. The art of play lies in fusing sophistication with wonder and the joy of living.

This catalog is an invitation to step into the collections of The Art of Play. A museum where play is displayed, felt, and lived. Room after room, collection after collection, you'll discover pieces conceived as works of art that celebrate the balance between design, aesthetics, and enjoyment.

Every single detail is crafted to catch the eye, stir the senses, and spark interaction. Each piece invites us to connect with our own emotions, to share what makes us feel good, and to surrender to the irrepressible energy of play. Because in every game, something deeper is set in motion. More intense, sometimes even unknown.

We invite you to celebrate The Art of Play. To lose yourself in the corridors and galleries of a universe that speaks directly to emotion, transcending the boundaries of design and entertainment. Where the everyday becomes extraordinary. Where every move opens the door to the unexpected.

Jugar no es solo cosa de niños. Es una actitud vital. Una forma de observar el mundo con la curiosidad del que descubre, el optimismo del que imagina y la valentía del que se atreve. En RS Barcelona llevamos más de 15 años jugando sin complejos. Entendiendo cada día como una nueva partida. Explorando territorios, ocupando espacios donde el juego no estaba previsto. Cuestionando los códigos establecidos y reinterpretando lo convencional.

Somos artistas del juego. Especialistas en elevarlo y transformarlo en experiencias memorables. De las que nos atrapan. De las que perduran. El arte del juego radica en fusionar la sofisticación con la ilusión y la alegría de vivir.

Este catálogo es una invitación a adentrarse en las colecciones de The Art of Play. Un museo donde el juego se expone, se siente y se vive. Sala tras sala, colección tras colección, descubrirás piezas concebidas como obras que celebran el equilibrio entre diseño, estética y diversión.

Cada detalle ha sido concebido para seducir la mirada, despertar los sentidos y provocar la interacción. Cada pieza nos provoca a conectar con nuestras propias emociones, a compartir lo que nos hace sentir bien y a dejarnos llevar por la energía desbordante del juego. Porque en cada partida se activa algo mucho más profundo. Más intenso. A veces incluso desconocido.

Te invitamos a celebrar The Art of Play. A perderte entre los pasillos y las galerías de un universo que interpela directamente a la emoción, trascendiendo los límites del diseño y el entretenimiento. Donde lo cotidiano se transforma en extraordinario. Donde cada jugada abre la puerta a lo inesperado.

HISTORY · HISTORIA

It's Not Just a Game

It all begins with a craft learned through time, effort, and perseverance. With a family. With Rafael and Soledad, and their sons, Rafael and Sergio. A life devoted to metal. To understanding it, to shaping it, to mastering its language. This is how RS Barcelona was born: from craftsmanship, from doing things well, from the restless desire to go further. From never setting limits.

Design became a purpose. An act of courage that pushed the decision to stop working for others and give shape to a vision of our own. To transform industrial routine into creativity, drawing on knowledge and legacy. The result has a name, a place, and a date: RS2, Barcelona, 2006. A statement of intent that broke the mold. A football table that challenged convention and turned play into an aesthetic experience.

Then the game began to change and design stepped fully into the game. And that encounter with the creative universe placed RS Barcelona in a territory where the object transcends its function. Play was no longer an isolated gesture; it became a way of inhabiting and sharing space. Materials began to converse with emotion, architecture, and everyday life, claiming unexplored ground, moving from the home to the office, to hotels, and to settings where it had never belonged.

Since then, each piece has been a balance between technical precision and sensitivity. Between industry and soul. A constant exploration that fuses art and daily life, using the energy of play to transform shared spaces into places of connection, enjoyment, and expression.

RS Barcelona's commitment is steadfast yet ever evolving, adapting to the rhythm of the world we are part of. Its story does not close. It unfolds with every design that inspires, with every space redefined, with every moment truly lived. Because in the end, play is its way of understanding life.

No es solo un juego

Todo parte del oficio aprendido a base de tiempo, esfuerzo y constancia. De una familia. De Rafael y Soledad y sus hijos, Rafael y Sergio. Una vida dedicada al metal. A entenderlo y moldearlo para dominar su propio lenguaje. Así nace RS Barcelona: de la artesanía, del buen hacer, de la inquietud por ir más allá, de nunca ponerse límites.

Diseñar se convierte en un propósito. En un acto de valentía que empuja a dejar de trabajar para otros para dar forma a una visión propia. Transformar la rutina industrial en creatividad, sirviéndose de lo aprendido, del legado. El resultado tiene nombre, lugar y fecha: RS2, Barcelona, 2006. Una declaración de intenciones que rompe esquemas: un futbolín que desafía la convención y convierte el juego en una experiencia estética.

El diseño entra definitivamente en juego y ese encuentro con el universo creativo sitúa a RS Barcelona en un territorio donde el objeto trasciende su función. Jugar deja de ser un gesto aislado para convertirse en una forma de habitar y compartir los espacios. Los materiales dialogan con la emoción, la arquitectura y la vida cotidiana, llegando a territorios no explorados. Saltando del hogar a la oficina, a los hoteles y a otros ambientes que le habían sido vetados.

Desde entonces, cada pieza es un equilibrio entre precisión, técnica y sensibilidad. Entre industria y alma. Una exploración constante que fusiona arte y cotidianidad, que, con la energía del juego, transforma lugares compartidos en escenarios de conexión, disfrute y expresión.

El compromiso de RS Barcelona es firme, pero siempre en constante movimiento, adaptándose al ritmo del mundo al que pertenecemos. Su historia no se cierra, evoluciona con cada diseño que inspira, con cada espacio conquistado, con cada momento vivido intensamente. Porque jugar, al final, es su manera de entender la vida.

YOU AND ME PING-PONG TABLE
ANTONI PALLEJÀ OFFICE

You and Me contains all the moments you can imagine: working meetings, rushed Monday breakfasts, a family barbecue on the weekend. And of course, there's always time for hours of play. It's a ping-pong table like you've never seen before, with a sleek, minimalist silhouette that suits any interior and truly comes into its own outdoors. All the sporting elements — the net, the paddles, and the balls — are stored in a discreet side drawer, completely out of sight. It turns the everyday into something exceptional.

You and Me contiene todos los momentos que puedas imaginar. Reuniones de trabajo; los desayunos acelerados de los lunes; la barbacoa familiar del domingo. Y, por supuesto, muchas partidas y horas de juego. Una mesa de ping-pong como nunca habías visto que, con sus líneas mínimas, encaja en cualquier ambiente en el interior y, aún mejor, en el exterior. Toda la deportividad de la red, las palas y las bolas se guarda en un discreto cajón lateral y desaparece por completo, reinterpretando lo cotidiano. Haciéndolo excepcional.

RS FOLDING MONOCHROME PING-PONG TABLE
RAFAEL RODRÍGUEZ

The RS Folding Monochrome ping-pong table proposes a singular idea: turning color into matter. Not as an accent, but as a language unto itself, where a single tone defines the piece and the game. Steel and aluminum serve as the foundation for a bold chromatic expression. Uniform, immersive, almost hypnotic. Color shapes the volume, elevates the geometry, and transforms function into a visual gesture. Folded, it appears as a compact, resolute column. Unfolded, color expands and becomes part of the play.

El ping-pong plegable RS Folding Monochrome propone una idea clara: convertir el color en materia. No como acento, sino como lenguaje en sí, donde una única tonalidad envuelve la pieza y define el juego. El acero y el aluminio actúan como soporte para una expresión cromática rotunda, uniforme, casi hipnótica. El color modela el volumen, enfatiza la geometría y transforma la funcionalidad en gesto visual. En posición plegada, se percibe como una columna compacta y rotunda. Es al desplegarse cuando el color se expande y se suma al juego.

With RS Folding, the idea of “not having space for a ping-pong table” simply fades away. It challenges every convention, places design where it truly belongs, and brings together in a single table the functionality of folding and the spirit of intense living design. Discreet, it waits in silence until the moment of play, when it reveals all its charm. Folded with a simple movement, it takes up minimal space and moves effortlessly wherever it’s needed, thanks to its robust all-terrain wheels. There it rests. Until the next game.

Con RS Folding, la frase “No tengo espacio para un ping-pong” pierde todo su sentido. Rompe con todas las convenciones, sitúa el diseño en el lugar que le corresponde y reúne en una misma mesa de ping-pong la funcionalidad del plegado y el diseño *Intense Living*. Permanece discreto hasta que entra en acción y revela todo su atractivo. Plegado, mediante un gesto sencillo, ocupa el mínimo espacio y se desplaza con facilidad allí donde se lo necesita, gracias a sus robustas ruedas todoterreno. Allí reposará. Hasta la próxima partida.

RS2 FOOTBALL TABLE
RAFAEL RODRÍGUEZ

The RS2 is “THE football table”. A spectacular reinterpretation of one of the all-time classics of Spanish game culture. This is where it all began. Our goal was to take the football table out of the garage and move it into the spaces where we do our living. We aimed for it to speak the language of design, dialogue with the furniture and seduce in any environment. A football table that highlights and makes the difference with its industrial design, sleek lines, elegant colors, exquisite details and its long lasting high quality finishes. It has stood the test of time and fleeting trends. Its design lasts and will remain as an iconic piece. For its design, its essence, its significance, and for all the moments that it captures.

RS2 es “EL futbolín”. Una espectacular reinterpretación de todo un clásico de nuestra cultura del juego. Con él empezó todo. Quisimos sacar el futbolín del garaje y trasladar el juego a los espacios más vividos. Que hablase el lenguaje del diseño y dialogase con el mobiliario. Que sedujese. Un futbolín que marcase la diferencia con su diseño de estilo industrial, sus líneas y colores elegantes, con sus exquisitos detalles y sus materiales de alta calidad. Ha superado el paso del tiempo y las tendencias efímeras. Su diseño perdura y sigue siendo y será una pieza icónica. Por su diseño, su esencia, su significado, y por todos los momentos vividos que recoge.

RS3 FOOTBALL TABLE
RAFAEL RODRÍGUEZ

Everything begins with a simple “Shall we play a game?” Sometimes you win. Sometimes you lose. But there’s always fun. Because play is an act of sharing. The RS3 football table bursts onto the scene in color. A pop gesture. A light, almost graphic presence, defined by its svelte legs and carefree character. Beneath that vibrant appearance, a steel structure preserves everything that matters: precise playability, absolute durability, and a design made to be enjoyed like a child, with the strength of an adult. RS3 is for everyone. And above all, for those children who once said that “adults don’t play, they only work.”

Todo empieza con un “¿Echamos una partida?”. A veces se gana. Otras se pierde. Pero se disfruta y siempre se comparte. Porque jugar es un acto colectivo. El futbolín RS3 irrumpe en la escena con color. Un gesto pop. Una presencia ligera, casi gráfica, marcada por sus patas finas y su carácter desenfadado. Bajo esa apariencia vibrante, una estructura de acero sostiene intactas las prestaciones de siempre: jugabilidad precisa, durabilidad absoluta y un diseño pensado para disfrutar como un niño, con la potencia de un adulto. RS3 es para todos. Y, sobre todo, para esos niños que un día dijeron que “los adultos no juegan, solo trabajan”.

RS3 WOOD FOOTBALL TABLE
RAFAEL RODRÍGUEZ

The RS3 Wood is the natural evolution of our desire to push boundaries. A football table where wood takes center stage, bringing warmth and a distinctly contemporary presence. The secret lies in the art of balance. In the dialogue between materials, where each element is allowed to perform at its best. No wood is chosen at random. Iroko, selected for its strength and resilience, is made to endure, sharing the same uncompromising durability as metal, a fundamental requirement in our collection of football tables. The essence remains untouched, so the game can be fully enjoyed, without ever having to compromise on design.

RS3 Wood es la evolución natural de nuestro deseo por seguir probando e ir más allá. Introducimos la madera en nuestros futbolines y el resultado es un diseño cálido y cercano, más contemporáneo. El secreto está en el arte de saber mezclar, en alcanzar el equilibrio entre los elementos para que cada uno dé lo mejor de sí. No escogemos una madera al azar. La elegida es el iroko, una madera de exterior que comparte con el metal su gran resistencia y durabilidad. Dos requisitos fundamentales para formar parte de nuestra colección de futbolines. La esencia sigue intacta para disfrutar del juego sin renunciar al diseño en una pieza nacida para lucir y vivir en espacios abiertos.

RS MAX FOOTBALL TABLE
RAFAEL RODRÍGUEZ

Go Big. Without restraint. The RS Max is born to challenge scale and redefine shared play. Two's company, three's not a crowd. And there's always room for more. Eight players: a bold, decisive number for this colossal football table to reveal its full presence and character. The RS Max is the extended version of the RS3 Wood, a resized piece created to double the fun, multiply the collective experience, and become the perfect game for shared spaces and communities. More players. More laughter. More goals. More emotion.

Al máximo. Sin concesiones. RS Max nace para cuestionar la escala y redefinir el juego compartido. Dos es compañía. Tres no es multitud. Y aún hay espacio para más. Ocho jugadores: una cifra rotunda para que este futbolín colosal despliegue toda su presencia y su carácter. RS Max es la versión extendida del RS3 Wood. Una pieza redimensionada para duplicar la diversión y multiplicar la experiencia en grupo y convertirse en la pieza perfecta para espacios comunes y colectividades. Más jugadores. Más risas. Más goles. Más emoción.

RS2 GOLD FOOTBALL TABLE
RAFAEL RODRÍGUEZ

Glamour and sophistication into the game. The RS2 football table dresses to the nines. In its Gold Edition, the players take to the pitch with a chrome-plated kit in gold and silver, while subtle touches of gold illuminate the details that have made this piece a classic. It looks like a work of art. It truly is. And above all, it remains a football table designed to be played and enjoyed as intensely as the rest of the collection, but with that touch of sophistication you can expect to find in certain spaces and atmospheres. Because you can play in a dinner suit or an evening dress and high heels, too.

Glamour y sofisticación en el juego. El futbolín RS2 se viste de gala. En su versión Gold Edition, los jugadores salen al campo con traje dorado y plateado, y se introduce un brillo sutil y elegante en oro en los detalles que han convertido esta pieza en un clásico. Parece una obra de arte. Lo es. Pero, por encima de todo, es un futbolín para jugar y disfrutar con la misma intensidad que el resto de la colección. Eso sí, con ese toque chic que respiran ciertos espacios y ambientes. Porque también se puede jugar al futbolín con frac, traje de noche y zapatos de aguja.

RS3 WOOD GOLD FOOTBALL TABLE
RAFAEL RODRÍGUEZ

Dazzling allure. The RS3 Wood Gold Edition elevates the game with a serene glow, where the nobility of its materials and golden accents converge in a bold composition of materials and finishes that captivate through their evocative presence. A balance so precise that every detail seems to suspend time. An object that inhabits the space between art and play, between contemplation and participation. Because even in the most refined settings, play remains latent. In glances, in silences, in smiles. In dance steps and in football matches.

Destellos de seducción. RS3 Wood Gold Edition eleva el juego con un brillo sereno, donde la nobleza de los materiales y los acentos dorados conviven en una aleación de texturas y acabados que seducen por su tentadora y sugerente propuesta. Una composición de equilibrios donde cada detalle parece detener el tiempo. Un objeto que habita entre arte y juego, entre contemplación y participación. Porque incluso en los ambientes más refinados, el juego siempre está latente. En las miradas, en los silencios, en las sonrisas. En los pasos de baile y en las partidas de futbolín.

RS2 DINING FOOTBALL TABLE
JOSÉ ANDRÉS & RAFAEL RODRÍGUEZ

The RS2 Dining is a true experience where gastronomy, design, and play move together as one. A brilliant idea that redefines how we gather around a table. It all began through a collaboration with renowned chef José Andrés and a move as simple as it is original: adding a glass top to our iconic RS2 uniting dining and table football in one piece. Love at first sight. José Andrés embraced this sublime creation and brought it into his culinary universe. And so it was. The joy of play and the ritual of sharing a meal merge in a masterful exercise in versatility.
“RS2 Dining is another ingredient, a special touch in my restaurants,” says José Andrés.

Todo comienza con una colaboración con el reconocido chef José Andrés y con un gesto sencillo y original: incorporar un sobre de cristal al icónico RS2 para que mesa y futbolín convivan en una única pieza. Amor a primera vista. José Andrés integró esta sublime obra en su universo culinario. Y así, la diversión del juego y el ritual de compartir una comida se funden en un ejercicio magistral de versatilidad.
“RS2 Dining es un ingrediente más, un toque especial en mis restaurantes”, dice José Andrés.

With its wood or HPL top, the Diagonal pool table takes on a new expression and becomes a dining table. A continuous surface that rests upon the geometry of play, redefining its presence within the space. The top conceals the baize while simultaneously revealing another way of inhabiting it: to share, to gather, to live together. A natural fusion of play and purpose, designed for spaces where every meter matters. Through this gesture, space is no longer a limitation and becomes an opportunity, expanding the possibilities of the Diagonal billiard table and extending its life beyond the game.

Con el sobre de madera y HPL, el billar Diagonal adopta una nueva expresión y se convierte en mesa de comedor. Una superficie continua que se posa sobre la geometría del juego y redefine su presencia en el espacio. El sobre cubre el tapete y, al mismo tiempo, revela otra forma de habitarlo: compartir, reunirse, convivir. Una fusión natural entre juego y funcionalidad pensada para entornos donde cada metro importa. Porque con este gesto, el espacio deja de ser una limitación y se transforma en oportunidad, multiplicando las posibilidades del billar Diagonal y prolongando su vida más allá de la partida.

Mou and Diagonal meet and begin to move together in a quiet choreography of complicity. The Mou floor cue rack is the essential companion to the Diagonal pool table, bringing order, balance, and calm to the game. Every accessory has its own space. Everything is within reach. Todo cobra sentido. Incluso hay espacio para la música, para unas copas y para esos pequeños rituales que convierten cada partida en una experiencia de auténtica concentración, evasión, camaradería y reto.

TRACK SHUFFLEBOARD TABLE
RAFAEL RODRÍGUEZ

In play, as in life, everything begins with a small act of daring. The willingness to go one step further, to test established boundaries without overstepping them. This is Track. A shuffleboard that reinterprets the game from its very essence, with a streamlined design and a bold, assured beauty. Steel defines the playing surface, the undisputed protagonist of the game. Distance becomes the challenge, only the path standing between you and your longed-for win. Each shot connecting origin and destination. Precision. Focus. Play.

En el juego, como en la vida, todo empieza con un gesto de audacia. Atreverse a ir un paso más allá, a retar los límites establecidos sin sobrepasarlos. Así es Track. Un shuffleboard que reinterpreta el juego desde la esencia, con un diseño de líneas mínimas y una belleza imponente y firme. El acero define la superficie como protagonista indiscutible del juego. La distancia se convierte en reto y solo la pista te separa de tu anhelo de victoria. Cada lanzamiento conecta el origen con el destino. Precisión, concentración y juego.

TRACK DINING SHUFFLEBOARD TABLE
RAFAEL RODRÍGUEZ

When play expands in scale, adaptability becomes essential. For this reason, Track appears in its Dining version, with a glass top that transforms the playing surface. The piece not only gains presence but also versatility, opening itself to new rhythms and new scenes. A single plane where the energy of play converses with the calm of the after-dinner conversations. Fun comes to the table. Because play, accompanied by appetizers and drinks to share, takes on new meaning, multiplies enjoyment, and simply tastes better.

Cuando el juego adquiere grandes dimensiones, la adaptabilidad se hace esencial. Por eso, Track se presenta en versión Dining, con un sobre de cristal que transforma la pista. La pieza no solo gana presencia, también versatilidad, abriéndose a nuevos ritmos y nuevos escenarios. Un mismo plano donde la energía del juego dialoga con la calma de la sobremesa. La diversión se sirve en la mesa. Porque el juego, acompañado de aperitivos y bebidas para compartir, cobra un nuevo significado, multiplica la diversión y sabe mejor.

PLEC TABLES
ANTONI PALLEJÀ OFFICE

Plec is a collection of tables that are as happy together as they are apart. With their accordion -shaped legs, they love creating light and shade effects with their symmetrical folds and sensual colors.
Their sculptural design, which might seem classical at first, proves capable of adapting to every atmosphere. Metal gives them an industrial feel, and marble, the elegance and authenticity. Colors confer personality and uniqueness. And with the combination of these elements, Plec reveals its savoir-faire, Plec reveals its savoir-faire.
The Plec collection includes rectangular and round occasional tables, a desk, a dining table, a pedestal and a shelving system.

Plec es una colección de mesas que se llevan bien tanto juntas como por separado. Con sus patas en forma de acordeón, juegan con la luz y crean efectos de luces y sombras con sus simétricos pliegues y sensuales colores. Su diseño escultural, que a simple vista podría parecer de estilo clásico, se adapta al entorno. El metal le confiere la fuerza y el look industrial y el mármol, la elegancia y la naturalidad. Y su gama de colores, el carácter y la singularidad.
La colección Plec se compone de mesas de centro y auxiliares rectangulares y redondas, de un escritorio, de una mesa de comedor, un pedestal y una estantería.

PLEC SHELVING
ANTONI PALLEJÀ OFFICE

Plec Shelving transcends the basic function of a shelving system to become an artistic expression, infusing both order and emptiness a sense of meaning. It expands vertically and horizontally, adapting its proportions to the space it inhabits and its uses to ever-changing needs. Its precise folds preserve the sculptural and architectural essence of the Plec collection, creating a stage where stories, music, objects, art, and memories coexist. A solid metal structure ensures stability and balance; aluminum shelves bring lightness and strength. And a palette of 21 tones accompanies without imposing, elevating order into a form of art.

Plec Shelving trasciende la función básica de una estantería y la convierte en una expresión artística, dotando de intención y significado el orden e incluso el vacío. Se expande en vertical y horizontal para adaptar sus proporciones al espacio que habita y sus usos a las necesidades cambiantes. Sus pliegues perfectos preservan intacta la esencia escultórica y arquitectónica de la colección Plec, creando un escenario donde conviven historias, música, objetos, arte y recuerdos. Su sólida estructura metálica aporta estabilidad y equilibrio; sus estantes de aluminio, ligereza y resistencia. Y sus 21 tonalidades acompañan sin imponerse, transformando el orden en una forma de arte.

SEU BENCH
ANTONI PALLEJÀ OFFICE

Seu is shaped on sports grounds. On the benches of courts and tracks, where time and shared use leave their mark. Through endless matches and whispered strategies under a rival's watchful eye. That's where its character comes from: resilient, raw, and direct. Its presence is light, almost silent, able to inhabit different spaces with ease. Beneath a refined aesthetic and understated design lies a thoughtful feature: a subtle curve that welcomes the body, offering comfort and rest. A pause. An invitation to stop, breathe, and reconnect. An honest design that embodies freedom, adaptability, and resilience.

Seu se forja en los terrenos deportivos. En los bancos de las canchas y las pistas, marcados por el paso del tiempo y el uso compartido. Por partidos interminables y estrategias susurradas bajo la atenta mirada del rival. De ahí hereda su carácter: resistente, crudo y directo. Su presencia es ligera, casi silenciosa, capaz de habitar distintos espacios con naturalidad. Bajo una estética y un diseño contenidos, esconde un gesto atento: una curva que acoge el cuerpo y le ofrece comodidad y descanso. Una pausa. Una invitación a detenerse, respirar y reconectar. Un diseño honesto que encarna libertad, adaptabilidad y resistencia.

OMBRA STOOL

EMILIANA DESIGN STUDIO

The Ombra stool reveals itself exactly as it truly and honestly is. Nothing to hide. Its clean, simple lines are its very structure. Strong and resilient, with a comfortable, generous, and ergonomic seat. Ombra is presence. The kind of piece that, without imposing, elevates the space. A functional design object where form and intention matter just as much as use. Days grow intense. Nights stretch long. So it waits discreet yet alert for its moment. Attentive to conversations at the bar; beside you at the office; sharing a bite on the terrace; lingering in the kitchen as dinner comes together. It always has a place reserved for you.

El taburete Ombra se muestra tal y como es. No tiene nada que ocultar. Sus formas limpias son su propia estructura. Firme y resistente, con una sentada cómoda, generosa y ergonómica. Ombra es presencia. Esa pieza que, sin imponerse, elevan el espacio. Un objeto de diseño funcional en el que la forma y la intención importan tanto como el uso. Sabe que los días son intensos y las noches se alargan. Por eso espera, alerta a que llegue su momento. Atento a tus conversaciones en el bar; acompañándote en la oficina; compartiendo un bocado en la terraza; aguardando a que la cena esté lista en la cocina. Siempre tiene un sitio reservado para ti.

CREW STAND
RAFAEL RODRÍGUEZ

If our game tables are miniature stadiums, Crew is the vantage point from which to watch the match and cheer on the team. A piece conceived for observing. An open seat for connection. A two-tiered multipurpose system that creates perspective and shapes conversation. Light in appearance; solid in essence. Its framework draws the line, defining balance while comfortably seating up to eight people. Crew moves effortlessly from one space to another, offering the functionality and flexibility that workspaces and shared areas require. It composes, shifts, and reconfigures. No anchors. No limits. A living installation, evolving with the scene and the team.

Si nuestras mesas de juego son miniestadios deportivos, Crew es el lugar desde donde ver el partido y animar al equipo. Una pieza concebida para observar y participar. Un asiento abierto al encuentro. Una pieza multiusos en dos alturas que genera perspectiva y ordena la conversación. Ligera en apariencia; sólida en esencia. Su esqueleto define proporción y equilibrio acomodando hasta a ocho personas. Crew se mueve fácilmente de un espacio a otro para aportar la funcionalidad y flexibilidad que requieren los entornos de trabajo y espacios comunes. Se compone, se desplaza, se reconfigura. Sin anclajes. Sin límites. Una instalación viva que evoluciona con el escenario y el equipo.

DESIGN · DISEÑO

Design begins with a spark. With a curious, restless gaze. With the will to improve the world that surrounds us. It's intuition and it's method. The ability to imagine what doesn't yet exist, with aesthetic intention and formal rigor. Thinking before drawing. Simplifying until reaching the essential. Design is the act of making decisions. It's balance between proportion and function, between emotion and precision. Every joint, every void, every volume responds to a reason. Designing is anticipating experience. Foreseeing the gesture. Giving coherence to matter.

Therein lies its value: in the constant pursuit of clarity. In the tension between the visible and the invisible, until they converge and the moment arrives when an idea becomes form. Design doesn't chase trends. It pursues eternity.

El diseño nace de una chispa. De una mirada curiosa e inconformista. De la voluntad de mejorar el mundo que nos acoge. Es intuición y es método. Es la capacidad de imaginar lo que aún no existe. Con sentido estético y formal. Es pensar antes de trazar. Simplificar hasta llegar a lo esencial. El diseño es tomar decisiones. Es equilibrio entre proporción y función, entre emoción y precisión. Cada unión, cada curva, cada volumen responde a una razón. Diseñar es anticipar la experiencia. Es prever el gesto. Es dar coherencia a la materia.

Ahí reside su valor. En esa búsqueda constante de claridad. En la tensión entre lo visible y lo invisible, hasta que se encuentren y alcancen el momento en que la idea se convierte en forma. El diseño no sigue las tendencias. Persigue la eternidad.

CRAFTSMANSHIP · OFICIO

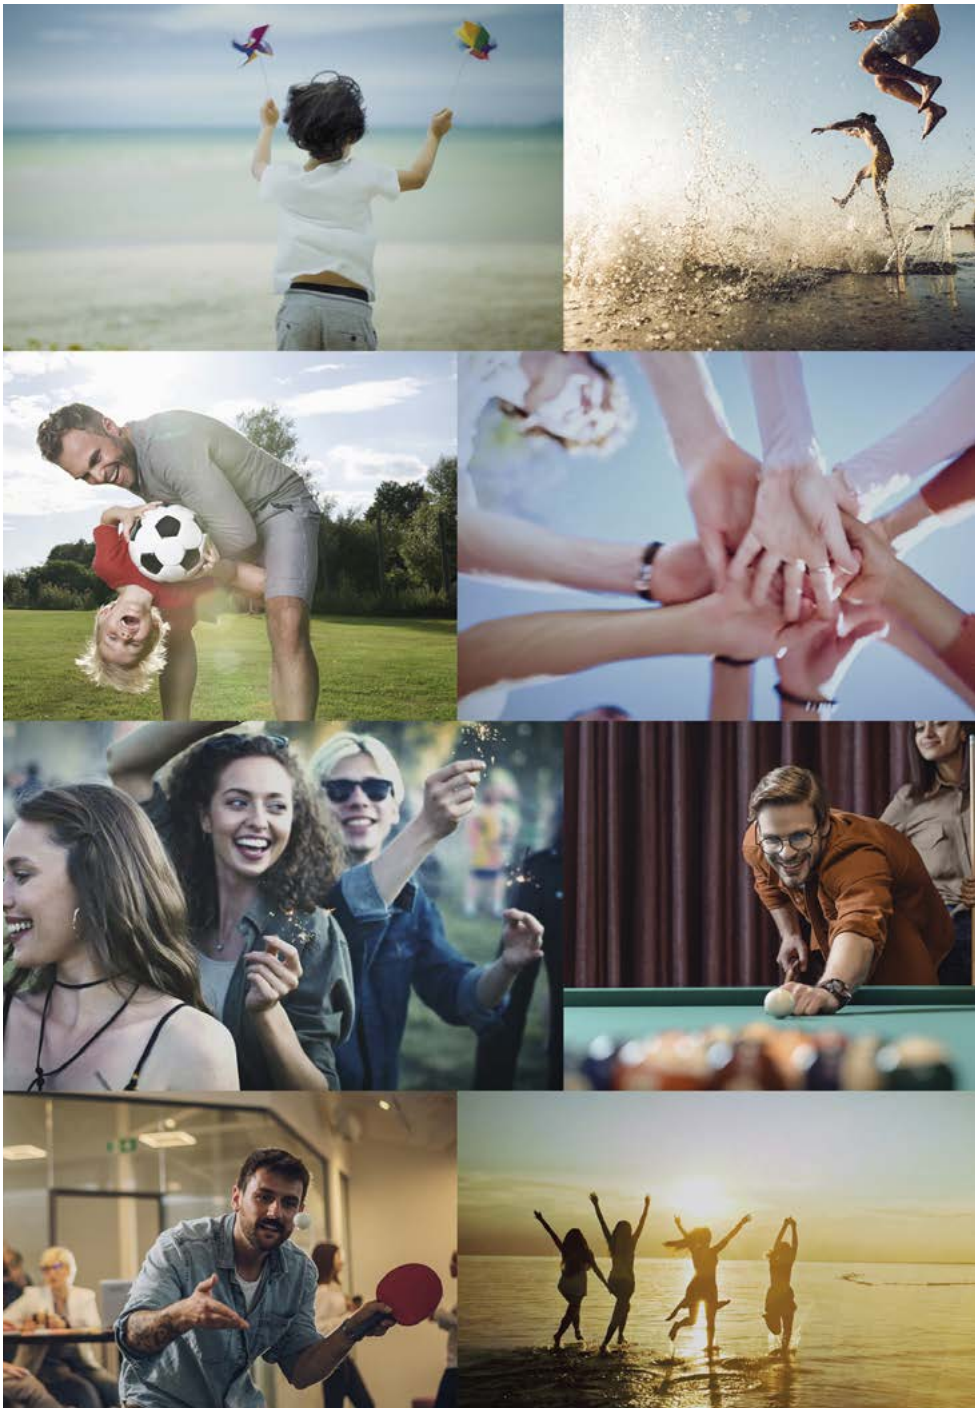
Love for detail runs deep in our roots. It belongs to the craft. It lives in every learned gesture that, over time, becomes instinctive. More than forty years shaping, testing, and understanding materials have taught our hands to read them. To sense their character and draw out their essence. This is where the beauty of work well done resides. In the relentless pursuit. In the uncompromising eye that always looks closer. In that fleeting, almost imperceptible moment when heritage and the precision of a machine converge. Tradition and innovation moving toward a shared purpose. From that encounter, excellence emerges. Not as a goal. Not forced. Simply the natural expression of devotion to the craft.

El amor por el detalle nace de nuestras raíces. Es innato al oficio. Late en cada gesto aprendido que, con el tiempo, se convierte en instinto. Las manos expertas del maestro artesano y la experiencia tras más de 40 años tocando y moldeando materiales nos permiten desentrañar su verdad. Su alma. Ahí reside la belleza del trabajo bien hecho. En esa búsqueda incansable. En esa mirada inconformista. Y en ese instante en el que el detalle artesanal de siempre y la precisión de la máquina se unen. Tradición y tecnología trabajando al unísono por un mismo propósito. De ese encuentro surge la excelencia. No como meta, sino como consecuencia natural del respeto y la admiración por el oficio.

PLAYFULNESS · JUEGO

Play is a pure expression. A free, almost instinctive impulse that brings us back to what's essential. It lets us be nothing more and nothing less than ourselves. To play is to inhabit the present with every sense awakened. Absorbing it. Savoring it. Stretching the here and now into something shared. Around the game, glances meet, hands exchange cues, time gently expands. Each match unfolds as a choreography of energy and emotion. A self-contained universe where the ordinary is elevated to the extraordinary. This is our understanding of play and the premise from which we design: to create experiences of intense living. No artifice. No script. Only the quiet pleasure of the moment. The subtle certainty that it's truly ours. Because play reminds us that the ultimate luxury is to feel deeply alive.

El juego es un gesto puro. Un acto libre, casi instintivo, que nos devuelve a lo esencial. Nos permite ser nada más y nada menos que nosotros mismos. Jugar es estar en el presente con todos los sentidos despiertos. Absorbiendo, exprimiendo el aquí y el ahora. Es convertir un instante en territorio compartido. En torno al juego, las miradas se encuentran, las manos dialogan, el tiempo se dilata. Cada partida es una coreografía de energía y emoción. Un pequeño universo donde lo cotidiano se transforma en extraordinario. Así entendemos el juego y esa es la premisa con la que diseñamos para crear experiencias *Intense Living*. Sin artificios. Sin guion. Solo el placer del momento. De sentir que nos pertenece. Porque el juego nos recuerda que el verdadero lujo es sentir que estamos plenamente vivos.



CUSTOMIZATION · COSTUMIZACIÓN

A Bespoke Expression

The luxury of finesse. Of details that elevate it to the exceptional. It's in those quiet accents of distinction that a piece transcends and becomes singular, and exclusive. Custom design as a philosophy. It's a way of honoring the needs, the ambitions, and —why not— the desires behind every project. Every client. You carry the vision. We bring the craft, the experience, and the assurance to turn it into something tangible. Refined. Intimate. Special. Let's make it unique. Let it speak in bespoke design.

La singularidad como expresión

El lujo de la sutileza. De los detalles que lo hacen excepcional. Son esos pequeños toques de distinción los que convierten una pieza en exclusiva. Entendemos la personalización como un valor fundamental para adaptarse a las necesidades, exigencias y, por qué no, caprichos de cada proyecto, de cada cliente. Tú tienes la imagen en la cabeza. Nosotros aportamos la experiencia y la confianza para transformarla en una obra tangible, especial y personal. A medida, hecha para ser única.

DESIGNERS · DISEÑADORES

Working with designers means opening our universe to their vision. Immersing ourselves in their creative freedom. Their art. Entering their process, their intuition, their singular way of understanding proportion and material. It's about discovering new approaches to design and aesthetics. It's about bringing talent together. Because each designer contributes a distinct voice. And within that exchange of perspectives, unexpected new forms of expression emerge.

Trabajar con diseñadores es abrir nuestro universo a su mirada. Empaparnos de su libertad creativa. Su arte. Sumergirnos en su proceso, su intuición, su forma única de entender la proporción y la materia. Es descubrir nuevas aproximaciones al diseño y a la estética. Es sumar talento. Porque cada diseñador aporta una voz propia. Y en ese diálogo, surgen nuevas formas de expresión artística.

QUALITY · CALIDAD

Quality as Principle

Quality, resistance under intense use, and permanence aren't promises. They're the point of departure, the axis on which every decision is made in the development of our pieces rests. Each choice begins with a clear intention: to design for longevity. That's why we select noble, high-quality materials and precise manufacturing processes that ensure durability and character. Pieces conceived to live alongside people. To accompany them through the different chapters of their lives. Knowing the origin of every material is part of the commitment. A guarantee of respect for natural resources. Considering its capacity to transform, to be recycled, and to find another life in new uses is a way of caring for the ecosystem. Responsibility toward the planet. Protecting people's health and well-being lies at our core. Coherence with who we aspire to be.

La calidad como principio

La calidad, la resistencia al uso intenso y la permanencia no son promesas. Son el punto de partida, el eje sobre el que basamos todas las decisiones que tomamos en el desarrollo de nuestras piezas. Cada decisión nace de una idea clara: diseñar para perdurar. Por ello, seleccionamos materiales nobles de alta calidad y procesos de fabricación precisos que garanticen la longevidad y el carácter. Piezas pensadas para convivir con las personas y acompañarlas en los distintos capítulos de su vida.
Conocer el origen de cada material es parte del compromiso. Garantía de respeto por los recursos naturales. Analizar su capacidad para transformarse, reciclarse y renacer en nuevos usos es cuidar del ecosistema. Responsabilidad con el planeta. Proteger la salud y el bienestar de las personas reside en nuestra esencia. Coherencia con lo que queremos ser.

COLOR PALETTE · PALETA DE COLORES

Color runs through us. It's far more than a finish. It's language, character, intention. We conceive color and texture as artistic expression. Design, form, material, and color become an indivisible whole. Tones that combine, that balance, that contrast. A palette open to interpretation and emotion. A tool for creating personal compositions and giving spaces their own identity.

El color nos atraviesa. Es mucho más que un mero acabado. Es lenguaje, carácter, intención. Concebimos los colores y las texturas como manifestación artística. Diseño, forma, material y color forman un todo indisoluble. Tonos que se combinan, que se equilibran, que se contrastan. Una paleta abierta a la interpretación y a las emociones. Una herramienta para crear composiciones propias y dotar de identidad a los espacios.
