

EDITION 2023

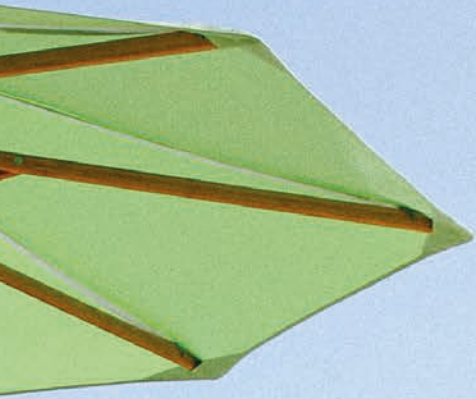

MADE FOR **SHADE**  
& **OUTDOOR LIVING**

Cape Umbrellas takes pride in an extensive range of patio umbrellas, all manufactured locally in Cape Town, South Africa. Cape Umbrellas supplies leading brands, restaurants, hotels and enterprises with their own unique umbrella and branding requirements, offering state-of-the-art digital printing specifically designed to their needs. With vast experience in both the domestic and international markets, Cape Umbrellas is distinguished as one of the leaders in the industry and continually pushes the boundaries to supply high-quality, safe, Patio Umbrellas.

THE CAPE UMBRELLA  
**DIFFERENCE**

# EASYLIFT SYSTEM

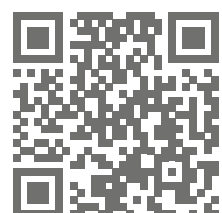

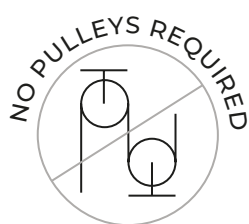

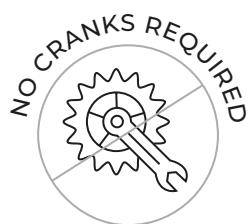

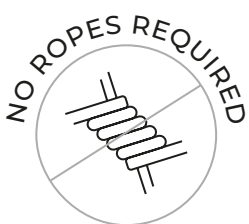

Our EasyLift range of umbrellas is our flagship product, boasting a unique, self-opening lifting system for effortless and safe use. This system and design has been patented worldwide and is ideal for all markets. These umbrellas are virtually maintenance free and lock into place automatically. You don't have to struggle with ropes, pulleys, pins or cranks.

## TO OPEN

Lift the umbrella's arms until the EasyLift System takes over, lifting the umbrella until fully open. No holding pin is required as the hub locks into place automatically.

## TO CLOSE

Pull down on the hub until the EasyLift System takes over and closes the umbrella.

SCAN TO WATCH

# **CLASSIC** UMBRELLAS

DESIGNED FOR ITS STRENGTH, DURABILITY AND  
WIND RESISTANCE TO SUIT THE CORPORATE  
MARKET.

CLASSIC

# MARINER

The classic range of patio umbrellas is the ideal economy range umbrella fitted standard with our single pulley and rope system or automatic lifting system.

# A BRANDING OPPORTUNITY

Noticeable advertising is imperative if you want to market your business, gain undeniable visibility, and expand your market share. And what better way to achieve brand recognition than under an umbrella on a sunny veranda with a refreshing drink or aperitif in hand?

Cape Umbrellas are an ideal carrier for your marketing campaigns. Representing summer enjoyment and weather protection, our umbrella's visibility and design allow unlimited advertising possibilities and consumer reach.

## SUPERIOR BRANDING

Our advanced printers use CMYK, White, Light Cyan and Light Magenta to provide excellent colour matching.

## FAST TURNAROUND TIME

We pride ourselves on our two large-format UV digital inkjet printers, capable of printing speeds over 100m<sup>2</sup> per hour, ensuring your branded umbrellas are delivered timelessly.

## UNMATCHED QUALITY

Extreme testing using international standards for weathering and lightfastness (QUV-A 340 & QUV-B 313) has been conducted. As a result, we guarantee our durable UV ink will not crack or fade in harsh sunlight.

TRADITIONAL SCREEN PRINTING  
*Perfect for simple, bold logos*

DIGITAL UV PRINTING  
*Perfect for full colour, photo-quality prints*

# FABRIC & COLOURS

Cape Umbrellas provides the widest range of high-quality fabrics. The canvas is coated with both a water-repellent coating and an antifungal coating. This means that in heavy rainfall, the material will not wither and lose its stability. Additionally, the colour will not fade from the sun. No matter what the weather conditions are, the canvas material of the umbrella will stand the test of time. The collection is available in all our fabric colours and patterns.
