DIESEL LIVING

WITH

MOROSO

EN

When two radical visions meet, the result is a shared language. Founded in 2008 from an idea by Renzo Rosso, Diesel Living extends the Diesel attitude into the living space, shaping a free, social, and nonconformist way of life. Its long-standing dialogue with Moroso is a cultural alliance built on shared values — experimentation, quality, Made in Italy, and an open international mindset — evolving into a fluid and contemporary vision of living. A collaboration that goes beyond the object, embracing design as a cultural experience.

IT

Quando due visioni radicali si incontrano, nasce un linguaggio condiviso. Nata nel 2008 da un'intuizione di Renzo Rosso, Diesel Living è l'estensione naturale dell'attitudine Diesel nello spazio dell'abitare. Un modo di vivere libero, sociale, non convenzionale. Il dialogo con Moroso prende forma come un'alleanza culturale fondata su valori condivisi – sperimentazione, qualità, Made in Italy, apertura internazionale – e si sviluppa nel tempo come una visione fluida e contemporanea del vivere. Una collaborazione che non celebra l'oggetto singolo, ma il design come esperienza.

EN Chubby Chic rejects formal design in favour of pure, casual comfort. The collection includes an armchair and two pouffes, defined by soft, rounded volumes. Leather belts and handles – borrowed from the world of fashion – wrap the padding, playfully emphasizing the natural shape. A light-hearted yet distinctive expression of Diesel Living's irreverent spirit.

IT Chubby Chic abbandona ogni riferimento al design formale per privilegiare un comfort avvolgente e disinvolto. La collezione comprende una poltrona e due pouf, caratterizzati da volumi morbidi e arrotondati. Cinture e maniglie in pelle, ispirate al mondo della moda, avvolgono l'imbottitura accentuandone con ironia la forma naturale. Un'espressione leggera ma riconoscibile dello spirito Diesel Living.

LIFESTYLED: ↗P.17 ↗P.18

EN The Cloudscape Sofa evolves the collection's signature idea of softness into a sofa system defined by oversized cushions. With adjustable backrests and armrests of equal height, it adapts seamlessly from sitting to reclining. Cushions form both structure and comfort, reinforcing the concept of pure, essential relaxation. The result is an armchair that feels informal yet intentional, designed for relaxed, contemporary living and intimate moments of pause.

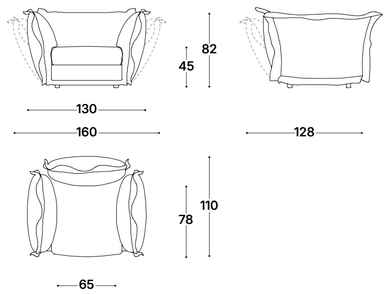

IT Cloudscape Sofa sviluppa il tema iconico della morbidezza in un sistema definito da grandi cuscini. Schienali e braccioli, della stessa altezza e regolabili, permettono di passare con naturalezza dalla seduta al relax. I cuscini costituiscono struttura e comfort, rafforzando l'idea di un benessere puro ed essenziale.

CLOUDSCAPE

ARMCHAIR LIFESTYLED: ↗P.17

EN Cloudscape Chair translates the Nebula concept into a more compact, sculptural form. Its identity is defined entirely by cushions, which shape the silhouette and support the body with enveloping comfort. Rather than relying on rigid geometry, Cloudscape embraces softness as structure, turning upholstery into the primary design element. The result is an armchair that feels informal yet intentional, designed for relaxed, contemporary living and intimate moments of pause.

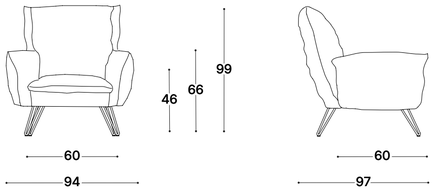

IT Cloudscape Chair traduce il concetto Nebula in una forma più compatta e scultorea. Sono i cuscini a definire completamente la silhouette, sostenendo il corpo con un comfort avvolgente. La struttura rinuncia alla rigidità geometrica per affidarsi alla morbidezza come elemento costruttivo. Ne nasce una poltrona informale ma consapevole, pensata per un vivere rilassato e contemporaneo, fatto di pause e condivisione.

EN Deco Futura poufs revisit early 20th-century geometries through a contemporary lens. Clean, sculptural lines define their volumes, while mirrored, faceted bases create an optical illusion that makes the seating appear suspended in space. Classic at first glance, unexpected on closer inspection.

IT I pouf Deco Futura reinterpretano le geometrie del primo Novecento in chiave contemporanea. Linee pulite e scultoree ne definiscono i volumi, mentre le basi sfaccettate a specchio creano un'illusione ottica che fa apparire la seduta sospesa nello spazio. Classici a prima vista, sorprendenti a uno sguardo più attento.

EN Nebula Nine marks the beginning of Diesel Living's vision of comfort as attitude. Conceived as an oversized, cloud-like volume, it challenged traditional seating by privileging softness, informality and freedom of use. The sofa invites multiple postures and shared moments, dissolving rigid boundaries between sitting, reclining and lounging. Its generous proportions create an open, welcoming landscape rather than a fixed object. An enduring icon that redefined the sofa as a social platform – relaxed, expressive, a new way of inhabiting home and unmistakably Diesel Living.

IT Nebula Nine segna l'origine della visione Diesel Living del comfort come attitudine. Pensato come un grande volume soffice, ha messo in discussione l'idea tradizionale di seduta, privilegiando informalità, libertà e molteplicità d'uso. Il divano accoglie posture diverse e momenti condivisi, superando la distinzione rigida tra sedersi, sdraiarsi e riposare. Le proporzioni generose costruiscono un paesaggio domestico più che un oggetto chiuso. Un'icona che ha ridefinito il divano come piattaforma sociale, rilassata ed espressiva, un nuovo modo di abitare, inequivocabilmente Diesel Living.

EN Nebulone expands the Nebula universe into a family of wooden coffee tables with strong yet simple lines. Rectangular, square and round versions explore different proportions, from low and expansive to slender and vertical. Sculpted as if from hollowed blocks of wood, they balance solidity and lightness.

IT Nebulone amplia l'universo Nebula con una famiglia di tavolini in legno dalle linee semplici ma decise. Le versioni rettangolari, quadrate e tonde esplorano proporzioni diverse, da quelle basse e ampie a quelle più slanciate. Scolpiti come da un unico blocco scavato, bilanciano solidità e leggerezza.

ARMCHAIR DLB0KZ
SPRITZ 2A7041 – BOLD 216

EN Puff-D is a grounded, welcoming armchair defined by soft volumes and rounded corners. Its low seat rests directly on the floor, while the deliberately creased upholstery enhances its spontaneous, informal look. A contemporary interpretation of togetherness and relaxed living, quietly radical.

IT Puff-D è una poltrona accogliente e concreta, caratterizzata da volumi morbidi e angoli arrotondati. La seduta bassa poggia a terra, mentre le pieghe volutamente irregolari del rivestimento ne enfatizzano l'aspetto spontaneo e informale. Un'interpretazione contemporanea dello stare insieme, sottilmente radicale.

PYLON

TABLE

LIFESTYLED: ↗P.21 ↗P.26

EN Inspired by electricity pylons, Pylon is defined by slender steel legs that support a variety of tabletops. The collection explores material contrast, pairing graphic metal structures with glass or stoneware surfaces. A table that balances technical rigor and expressive force.

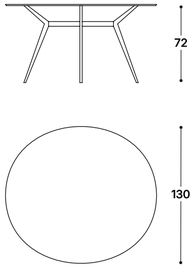

IT Ispirato ai tralicci elettrici, Pylon si caratterizza per le gambe sottili in acciaio che sorreggono diversi tipi di piano. La collezione gioca sul contrasto materico, accostando strutture metalliche grafiche a superfici in vetro o gres. Un tavolo che unisce rigore tecnico ed energia espressiva.
